50/50 is on hold at the moment while the committee meets to discuss how to comply with gaming rules going forward. The 50/50 Committee will be meeting shortly and gambling will be commencing.

Nanaimo Clippers 50/50: With a lot of hard work and commitment, Graham has secured our role managing 50/50 draws at the Clipper's games. It will require volunteers from the club so please do your part.

OCTOBER theme – Economic and Community Development Month

Celebrate Community:

Rotary International is partnering with our friends at Kiwanis International, Lions Clubs International, and Optimist International to increase our collective impact through community service.

Celebrate Community is a weeklong service event taking place **October 10th to 16th**. During this time, Rotary, Rotaract, Kiwanis, Lions, and Optimist clubs are encouraged to collaborate with one another to complete a service project that benefits the community. Work with your fellow service club members to determine how you can best help your community, such as:

- Cleaning up a park, highway, or waterway
- Planting trees
- Collecting non-perishable food for food pantries or clothing for homeless shelters
- Packing meals
- Harvesting a community garden
- Reading to children at the local library
- Volunteering at a local animal shelter

Completed : 7th Annual Walk for Nepal

It took place on September 25, 2021 at Westwood Lake and the turn out was extraordinary. To date about \$5500 has been raised and will be used to fund a training program in Nepal for disabled adults to learn how to farm.
